specified in subsection (a) of this section for the purposes of determining the tax pursuant to this section. The provisions of this subsection shall apply to part-year resident trusts, and wherever reference is made in this subsection to part-year residents, such reference shall be construed to include part-year resident trusts; provided, any reference to a part-year resident's Tennessee adjusted gross income derived from sources within this state or a part-year resident's Tennessee adjusted gross income shall be construed, in the case of a part-year resident trust, to mean the part-year resident trust's Tennessee taxable income derived from sources within this state and the part-year resident trust's Tennessee taxable income, respectively.

(d) Any person exempt from federal income tax by reason of its purposes or activities shall be exempt from tax levied by this part, but such person is not exempt from the reporting and withholding requirements imposed by this part.

(c) In computing a taxpayer's Tennessee taxable income for any taxable year under a method of accounting different from the method under which the taxpayer's Tennessee taxable income for the previous year was computed, there shall be taken into account those adjustments which are determined, under regulations adopted by the commissioner, to be necessary solely by reason of the change in order to prevent amounts from being duplicated or omitted.

If a taxpayer's method of accounting is changed from an accrual to an installment method, any additional tax for the year of such change of method and for any subsequent year which is attributable to the receipt of installment payments properly accrued in a prior year, shall be reduced by the portion of tax for any prior taxable year attributable to the accrual of such installment payments.

(2) If intangible personal property of a nonresident is employed in a business, trade, profession or occupation carried on in Tennessee, the entire income from such property, including gains from its sale, regardless of where the sale is consummated, is income derived from or connected with sources within this state. Where a nonresident individual sells real or tangible personal property located in Tennessee, and as a result of such sale receives intangible personal property (for example, a note) which generates interest income and/or capital gain income, such interest income is generally not attributable to the sale of the real or tangible personal property but is attributable to the intangible personal property; however, such capital gain income is attributable to the sale of the real or tangible personal property located in Tennessee. Therefore, such interest income to a nonresident does not constitute income derived from or connected with Tennessee sources. If income is reported using this method, the taxpayer shall consistently allocate the amounts of income on returns filed with any other state in which the taxpayer carries on business where such states permit allocation on the basis of separate books and records.

(2) When no such exact determination of pay received for services performed in Tennessee is possible, the income of employees, who are compensated on an hourly, daily, weekly or monthly basis shall be apportioned to Tennessee by multiplying the total compensation wherever earned from the employment by a fraction, the numerator of which is the number of days spent working in Tennessee and the denominator of which is the total working days both within and without Tennessee. "Duty days" include game days, travel days and practice days. For a member of a professional athletic team who renders services for a team on a day that is not otherwise a "duty day" (e.g., representing a team at an all-star game), the member's "duty days" include such a day. "Duty days" for any member joining a team during the season shall begin on the day such person becomes a member and for any member leaving a team during the season shall end on the day such person ceases to be a member. "Duty days" do not include any try-out or pre-season cut days that a player shall survive in order to obtain a contract or any days for which a member is not compensated and is not rendering services for the team in any manner because such person has been suspended without pay and prohibited from performing any services for the team.

Failure to remit timely the amount withheld shall subject the employer to those penalties and interest described in section 67-1-801.
